October 2016

Tuf Wuf  
Human Resources Manager  
ABC International  
101 Wolfpack Lane,  
Raleigh, NC 27601

Dear Mr. Wuf,

I am writing to express interest in the current Landscape Architect role in your Raleigh, NC office, as advertised on NC State recruiting database, ePACK. I am applying for this position because ABC International represents the design values that I find most important in our profession. With eight years of experience in landscape architecture and graphic design, I feel like I would be a valuable addition to the ABC International team.

As a Registered Landscape Architect, I have collaborated with communities, clients, land planners, and multi-disciplinary design teams to create timeless places in the realm of urban parks, mixed-use developments, academic institutions, healthcare campuses, and landscape master plans. During this experience, I have sharpened a wide range of technical skills including design development, hand graphics, and a multitude of digital programs. My experience in the field has also given me some exciting opportunities to hone my interpersonal skills in community engagement, publicity interaction, client engagement, and multi-disciplinary design team coordination. I have learned that all these technical and interpersonal skills used during the project development process must be done at the highest level to assure a lasting product that excels in form and function.

In all of my positions, I have worked with several different teams from diverse backgrounds which has given me wisdom in the importance of finding the best qualities of each member of a project team while utilizing this knowledge to give the client exactly what they are looking for. I believe in genuinely getting to know every person on my design team and making sure every voice is heard in the design process in order to ensure efficiency and comradery.

I am excited to bring my love for our profession, abilities, and experience to ABC International so we can continue to push the threshold of design excellence in Landscape Architecture. Please contact me via email [timber.wolf@gmail.com](mailto:timber.wolf@gmail.com) or phone 919-555-0000. Thank you for your consideration and I look forward to talking with you soon.

Sincerely,  
(Signature here- *optional*)
